

Dear All

Happy to share with all of you, the details regarding the **TCS EngiNX 2019** contest. The communication on this would have already reached you through WhatsApp, however, sharing this email with you to formally communicate the contest details and also share with you the current registration dashboard.

CONTEST DETAILS

TCS EngiNX 2019

- Theme: "Digital Eminence: Making Things Smart"
- **An Engineering Innovation Contest**
- **Open for Engineering Students from Batch of 2020 and 2021**
- Team Event (Team of 2)
- **Registration Link: <https://on.tcs.com/2NdYGHX> (students can view all details and register for the contest on this link)**
- **Deadline for Registration: 28-Mar-19 6:30 PM**

Prize money of more than INR 8,00,000 is up for grabs and this is an opportunity for students to get job offers & internships.

NOTE: For Batch of 2020, we plan to aggressively hire through contests. Hence, please treat contests as a very good opportunity for your students. Apart from EngiNX and CodeVita, there will be other contests also this year - please encourage your students to participate in all of them.

Action Needed from your side:

- Please encourage all students from 2020 and 2021 batches from your institute to participate.
- You can share the contest details and registration link with your students and ask them to register.
- Registered students must also form teams. The students data I have sent, has this information also.
- Round 1 of the contest is scheduled on 28-Mar-19. This will be an online test (with multiple choice questions), the first level being on Maths, Physics and Analytical ability, second level will be on IOT Related concepts.
- Please ensure that maximum number of the registered students participate in the contest round on 28-Mar-19. If students simply register and do not participate, it would not benefit them or the institute.
- Dashboard is below for your reference (showing only colleges with more than 50 students registered). Complete student details are also in the attachment.

My colleague Hari will henceforth be sharing the dashboard with you all on regular basis. We will also alert you on other TCS contests that come up.

Please leverage this opportunity to the maximum extent.
