TRAINING AND PLACEMENT DEPARTMENT

**Two-Week Internship Program for B. Tech I Year Students at
St. Martin's Engineering College (SMEC)**

To align with industry requirements, **St. Martin's Engineering College** is conducting an **internship** program on **Web Technology** for **B. Tech I Year students**. This program is designed to strengthen their foundation in website design, offering a blend of theoretical knowledge and hands-on experience with real-world applications. Through practical exposure, students will gain valuable insights into industry practices, equipping them with the skills needed to excel in their careers and stay competitive in the evolving tech landscape.

The Two-Week Internship sessions are conducted Department-wise, as follows:

Forenoon: CSE(AI&ML), CSE and EEE

Afternoon: CSE, ECE

Topics Covered:

1. Display, Background and other CSS properties.
2. Forms-Facebook login page, tables, lists and project on tables and lists.
3. Introduction to JS, variable declaration, syntax declaration, introduction to note JS.
4. Java script events onclick, teams change by buttons webpage, function JavaScript.

Day: Tuesday

Date: 04-03-2025

Venue: Subhas Chandra Bose Block

In today's live session, trainers covered key web development topics. The session started with an explanation of various CSS properties, including display, background, and other styling features used for webpage design. Next, trainers introduced HTML forms and guided students in creating a Facebook login page. They also covered tables and lists, followed by a small project to help students understand how to organize and present data effectively. The session then moved on to JavaScript fundamentals, where trainers explained variable declaration, syntax rules, and gave an introduction to Node.js. Finally, they discussed JavaScript events, focusing on onclick events, changing webpage content through buttons, and implementing functions for interactive web development.

Day 7 was successfully completed with expert guidance from trainers, active involvement from students, and dedicated supervision by faculty, creating a meaningful and effective learning experience
